CASE STUDY

An Unlimited Learning Ecosystem to bring new ways of exploring the world to students.

La★Salle
Instituto La Salle
Cd. Obregón

La Salle Obregon, Mexico
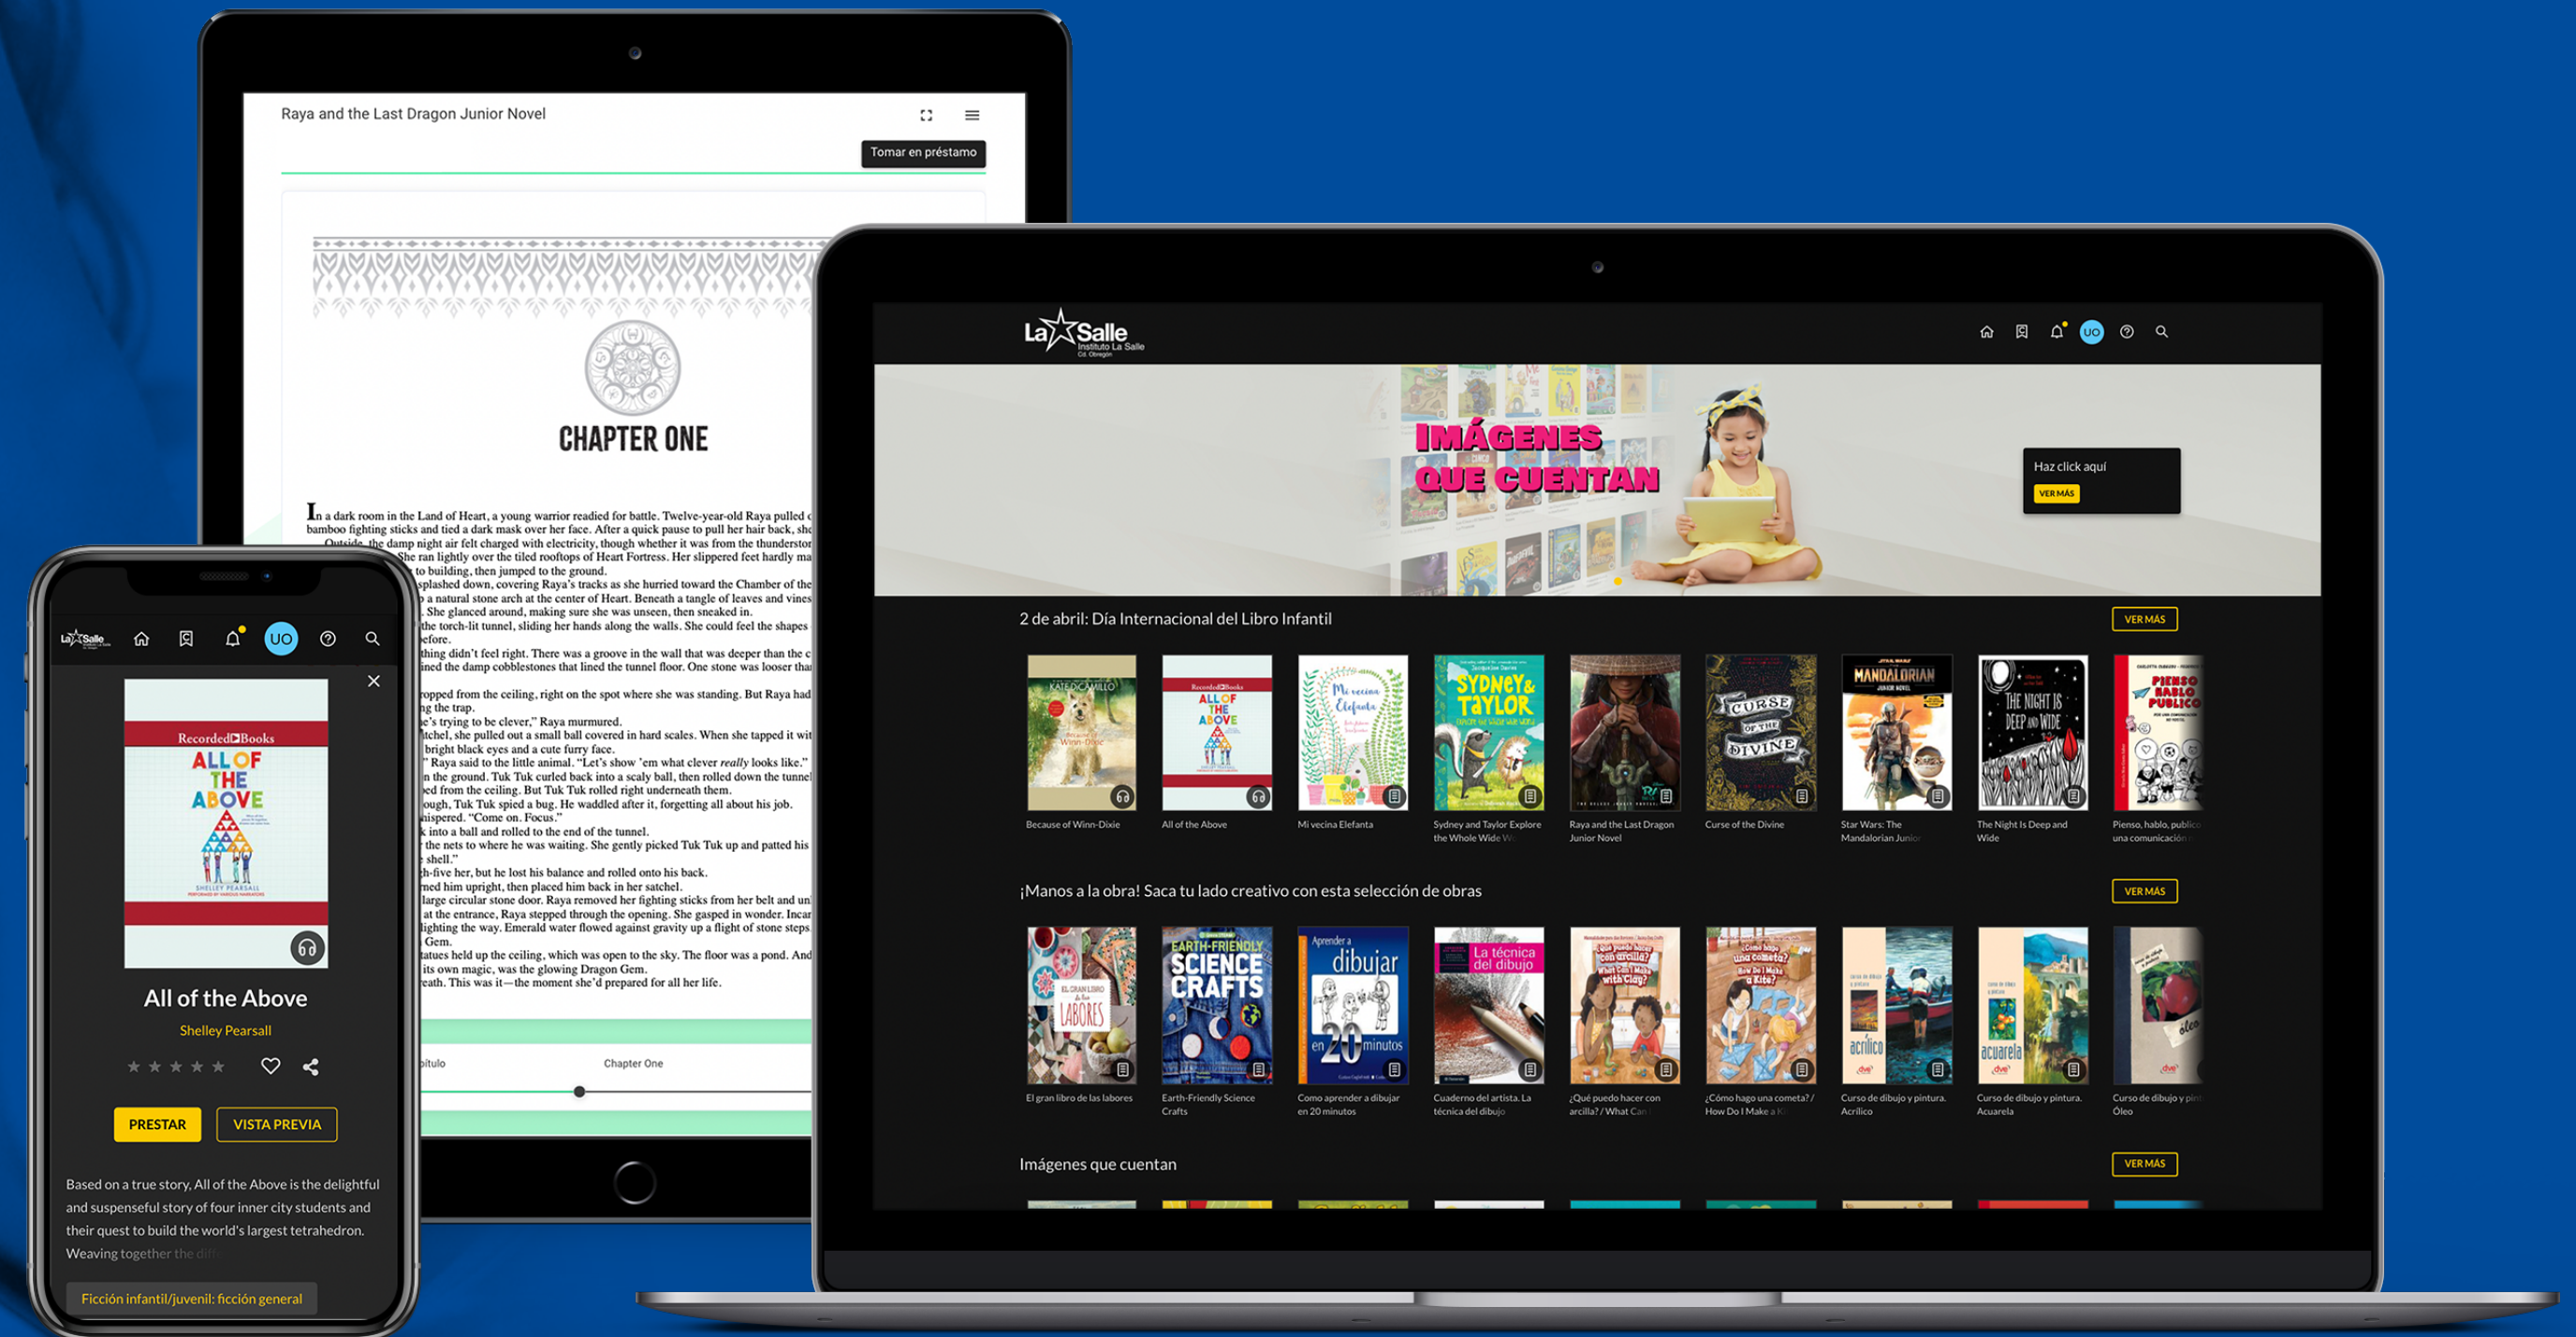

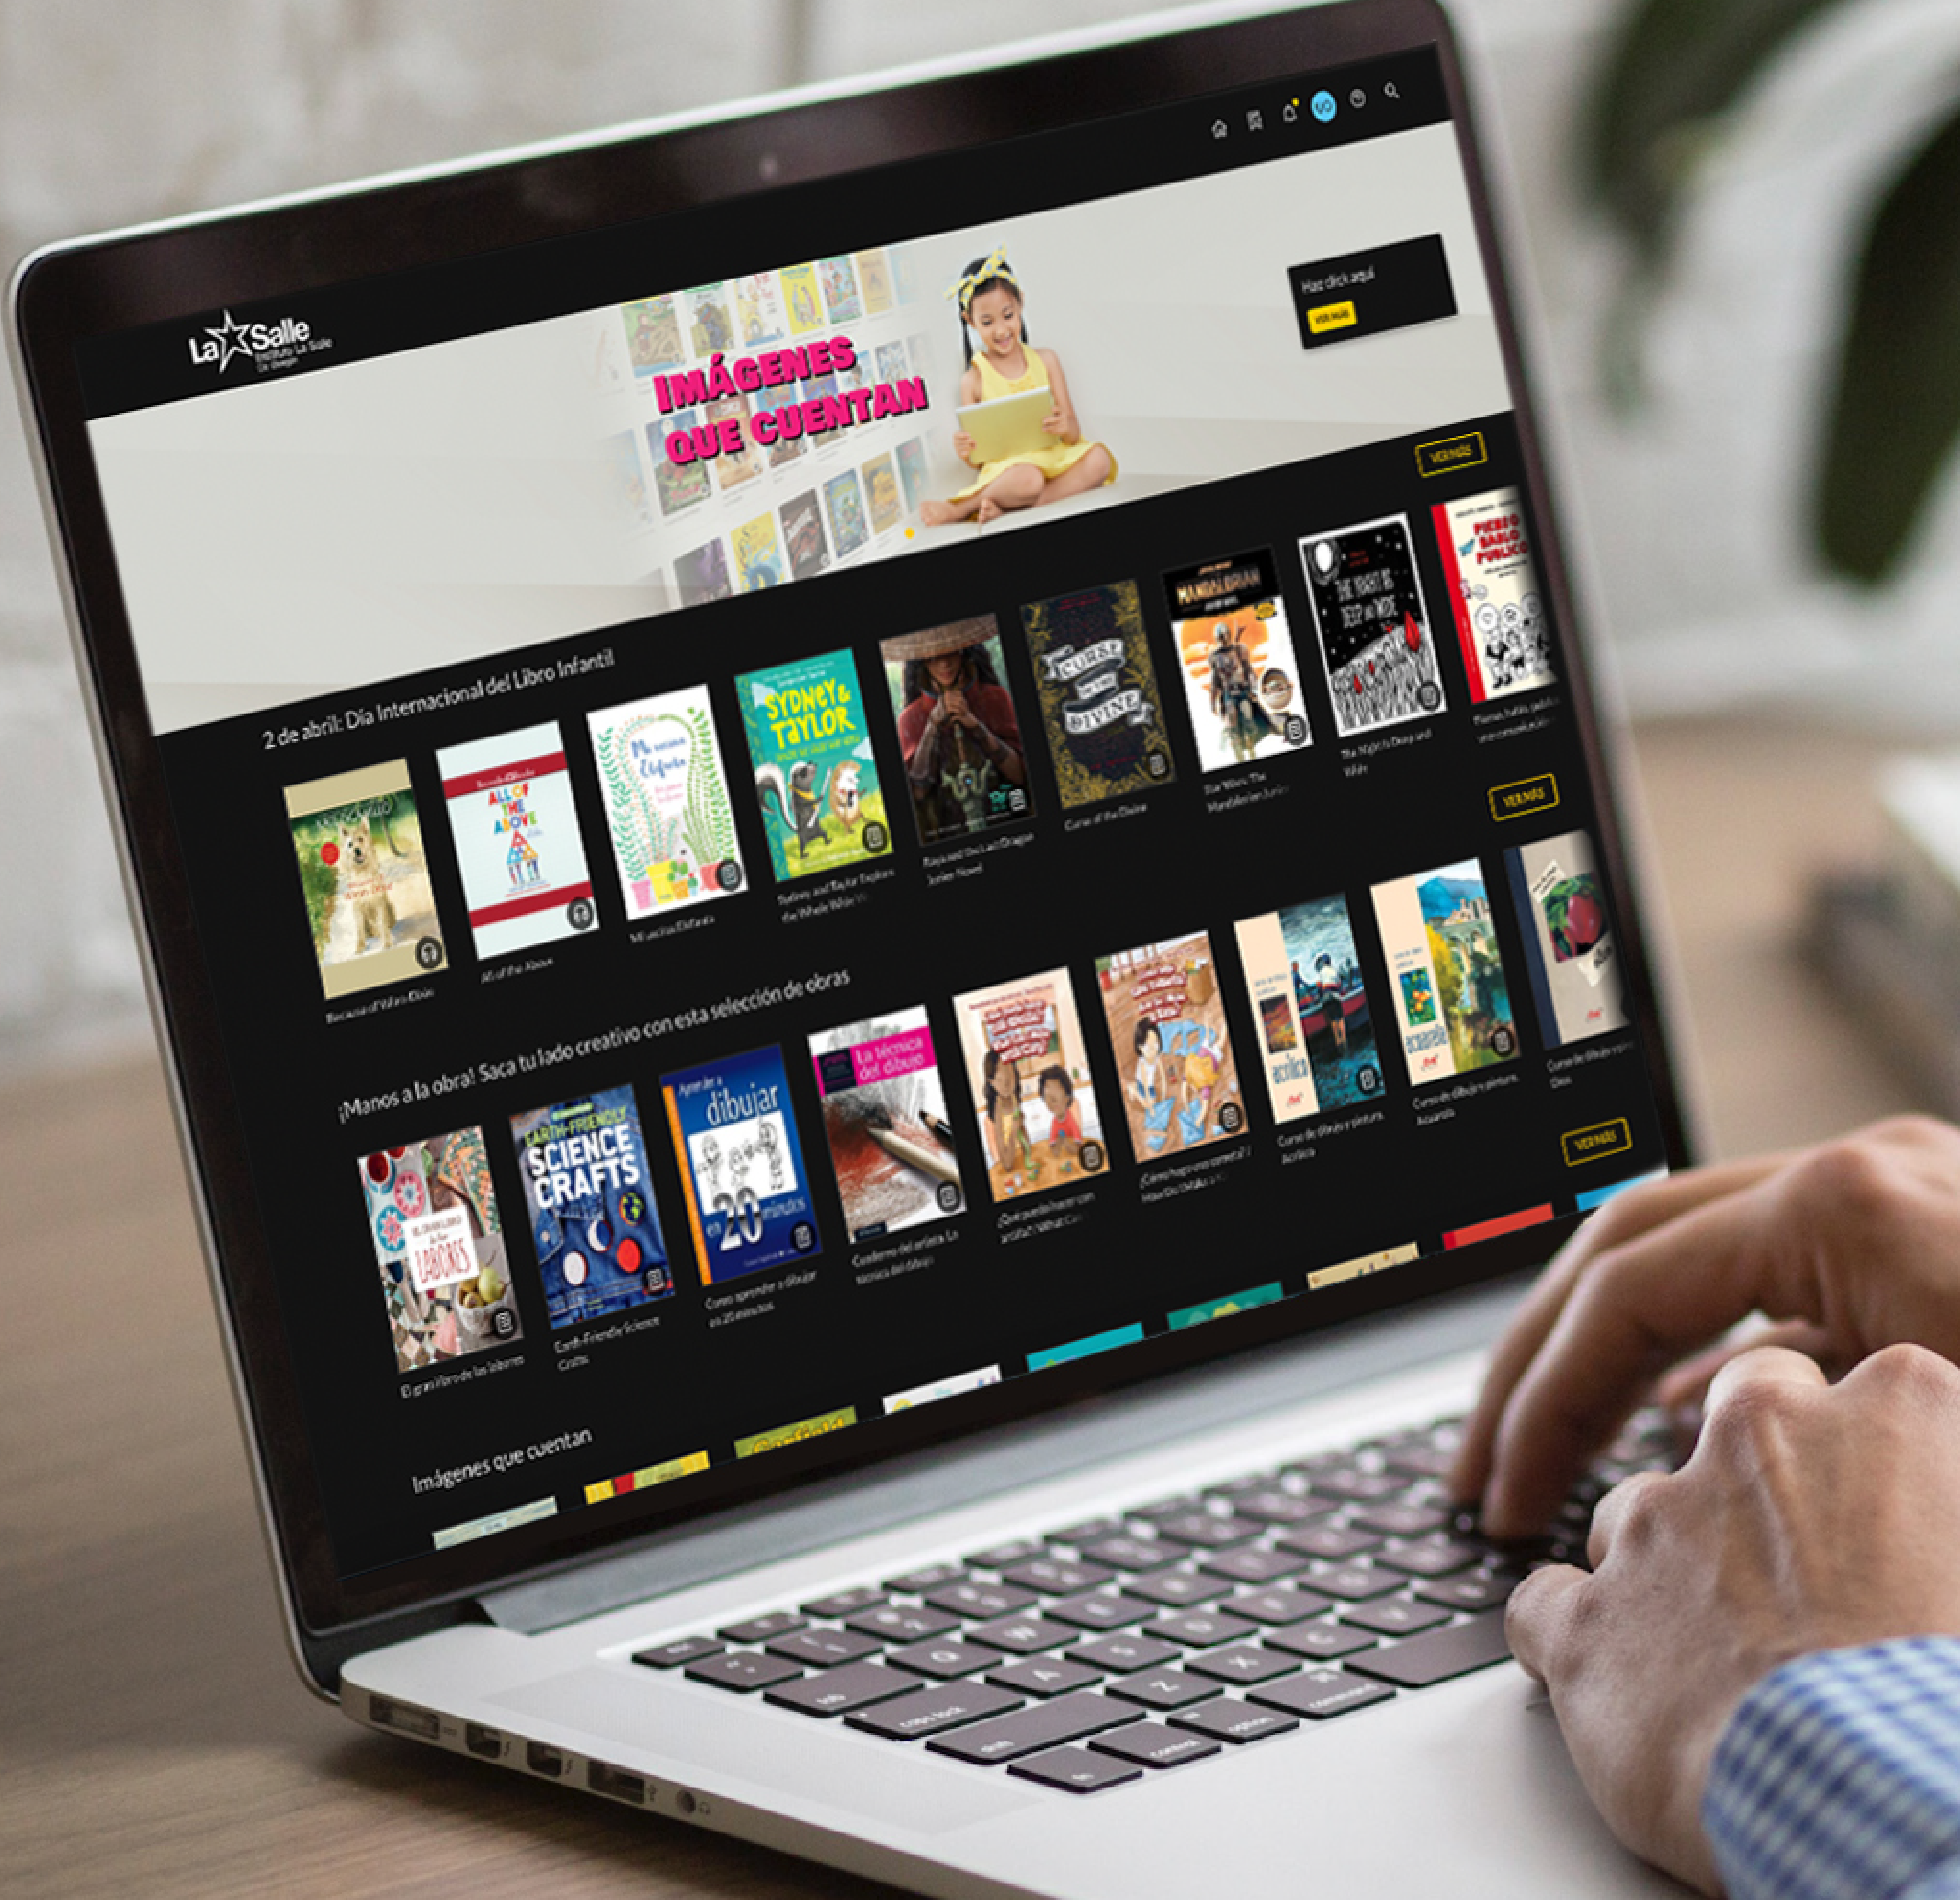

Teaching brings new methods of communication and expression to our students and shows them new ways to explore the world.

Our goal is to foster our students' education with a high level academic content from preschool through elementary, middle, and high school as a fundamental method to promote respect and understanding in society.

CHALLENGES FOR A NEW YEAR

Equip the academic community with learning resources that help bring about a complete digital transformation in students.

Make use of a personalized tool that inspires, accompanies, and reflects the values and mission of the academic institution.

Offer teachers and families a new space in which to participate in student learning.

Improve student reading habits and writing skills.

LA SALLE OBREGON'S UNLIMITED LEARNING ECOSYSTEM

To meet the new education challenges of the 21st century, La Salle Obregon School (Mexico) has launched its own Unlimited Learning Ecosystem, a single solution designed to incentivize students to deepen their learning and awaken their love of reading.

- Over 41,700 digital titles from the best content providers in the world covering many different topics for different ages and grade levels including: literature, STEM, languages, science, classics, contemporary fiction, and much more.

- Thanks to its technology, the platform can respond to each user's preferences and distill content to offer titles suited to each student's specific interests and needs.

- Simple and intuitive user experience, similar to other platforms that promote use and interaction by students.

- Multimedia content in a number of formats: ebooks, audiobooks, podcasts, magazines, or videos, among others, with learning experiences and activities adapted to the preferences and abilities of every learner.

- Availability of Reading Plans created by education experts, as well as teacher options to create new plans or modify existing ones.

- Teacher access to real-time analysis and reporting on student skills and progress.

loans in only 6 months

Access with or without internet connection

Multiplatform and multiformat with access on up to 6 different devices

DIGITAL RESOURCES, ESSENTIAL TOOLS

With the arrival of COVID-19, the digitalization of the education sector has accelerated. Having the tools available to connect learning inside and outside the classroom has become a requirement when facing a situation characterized by great uncertainty and indecision.

With the objective of supporting the educational community of its region, La Salle School has opted for creating its own Unlimited Learning Ecosystem with ODILO. This platform has resources and tools for teachers, students, and their families to continue their education under any circumstances and to promote advanced learning that doesn't end when the school day does.

With their own platform, students of all ages can discover their passion for reading while improving their work in community and their skills, whether social or academic.

About Odilo

ODILO is the leading SaaS EdTech company in the creation of Unlimited Learning Ecosystems. ODILO integrates the newest technology (Artificial Intelligence, Machine Learning...) with multiformat content from the best providers in the world and intelligent learning services to help every organization deepen and promote a personalized, unlimited learning culture.

With ODILO, schools, governments, organizations, companies, and many more can create their own Unlimited Learning Ecosystems and enjoy learning experiences, education, and reading to prepare students for the future.
