“We are committed to offering each of our students **learning experiences to make them better citizens** and enable them to be successful in life.”

SEK International Schijools

EXCELLENCE AND INNOVATION

SEK is synonymous with excellence and innovation. That's why its academic model involves the entire academic community in the teaching-learning process.

Families

Education requires a collaborative working network with a goal of perfecting each of its members.

Teachers

Continuous teacher training has always been one of the distinguishing features of SEK, together with its dedication to educational research and innovation.

Students

SEK's educational model seeks to build meaning and develop intelligence and values for all students, with special attention to their full emotional, intellectual, cognitive, physical, and artistic development.

SUPPORT INDIVIDUAL DEVELOPMENT

SEK's first objective is to achieve **the greatest potential of every one of its students** and prepare them to face the challenges of the 21st century.

To this end, the entire academic community promotes the development of skills that guarantee a relevant, global, international, and meaningful education.

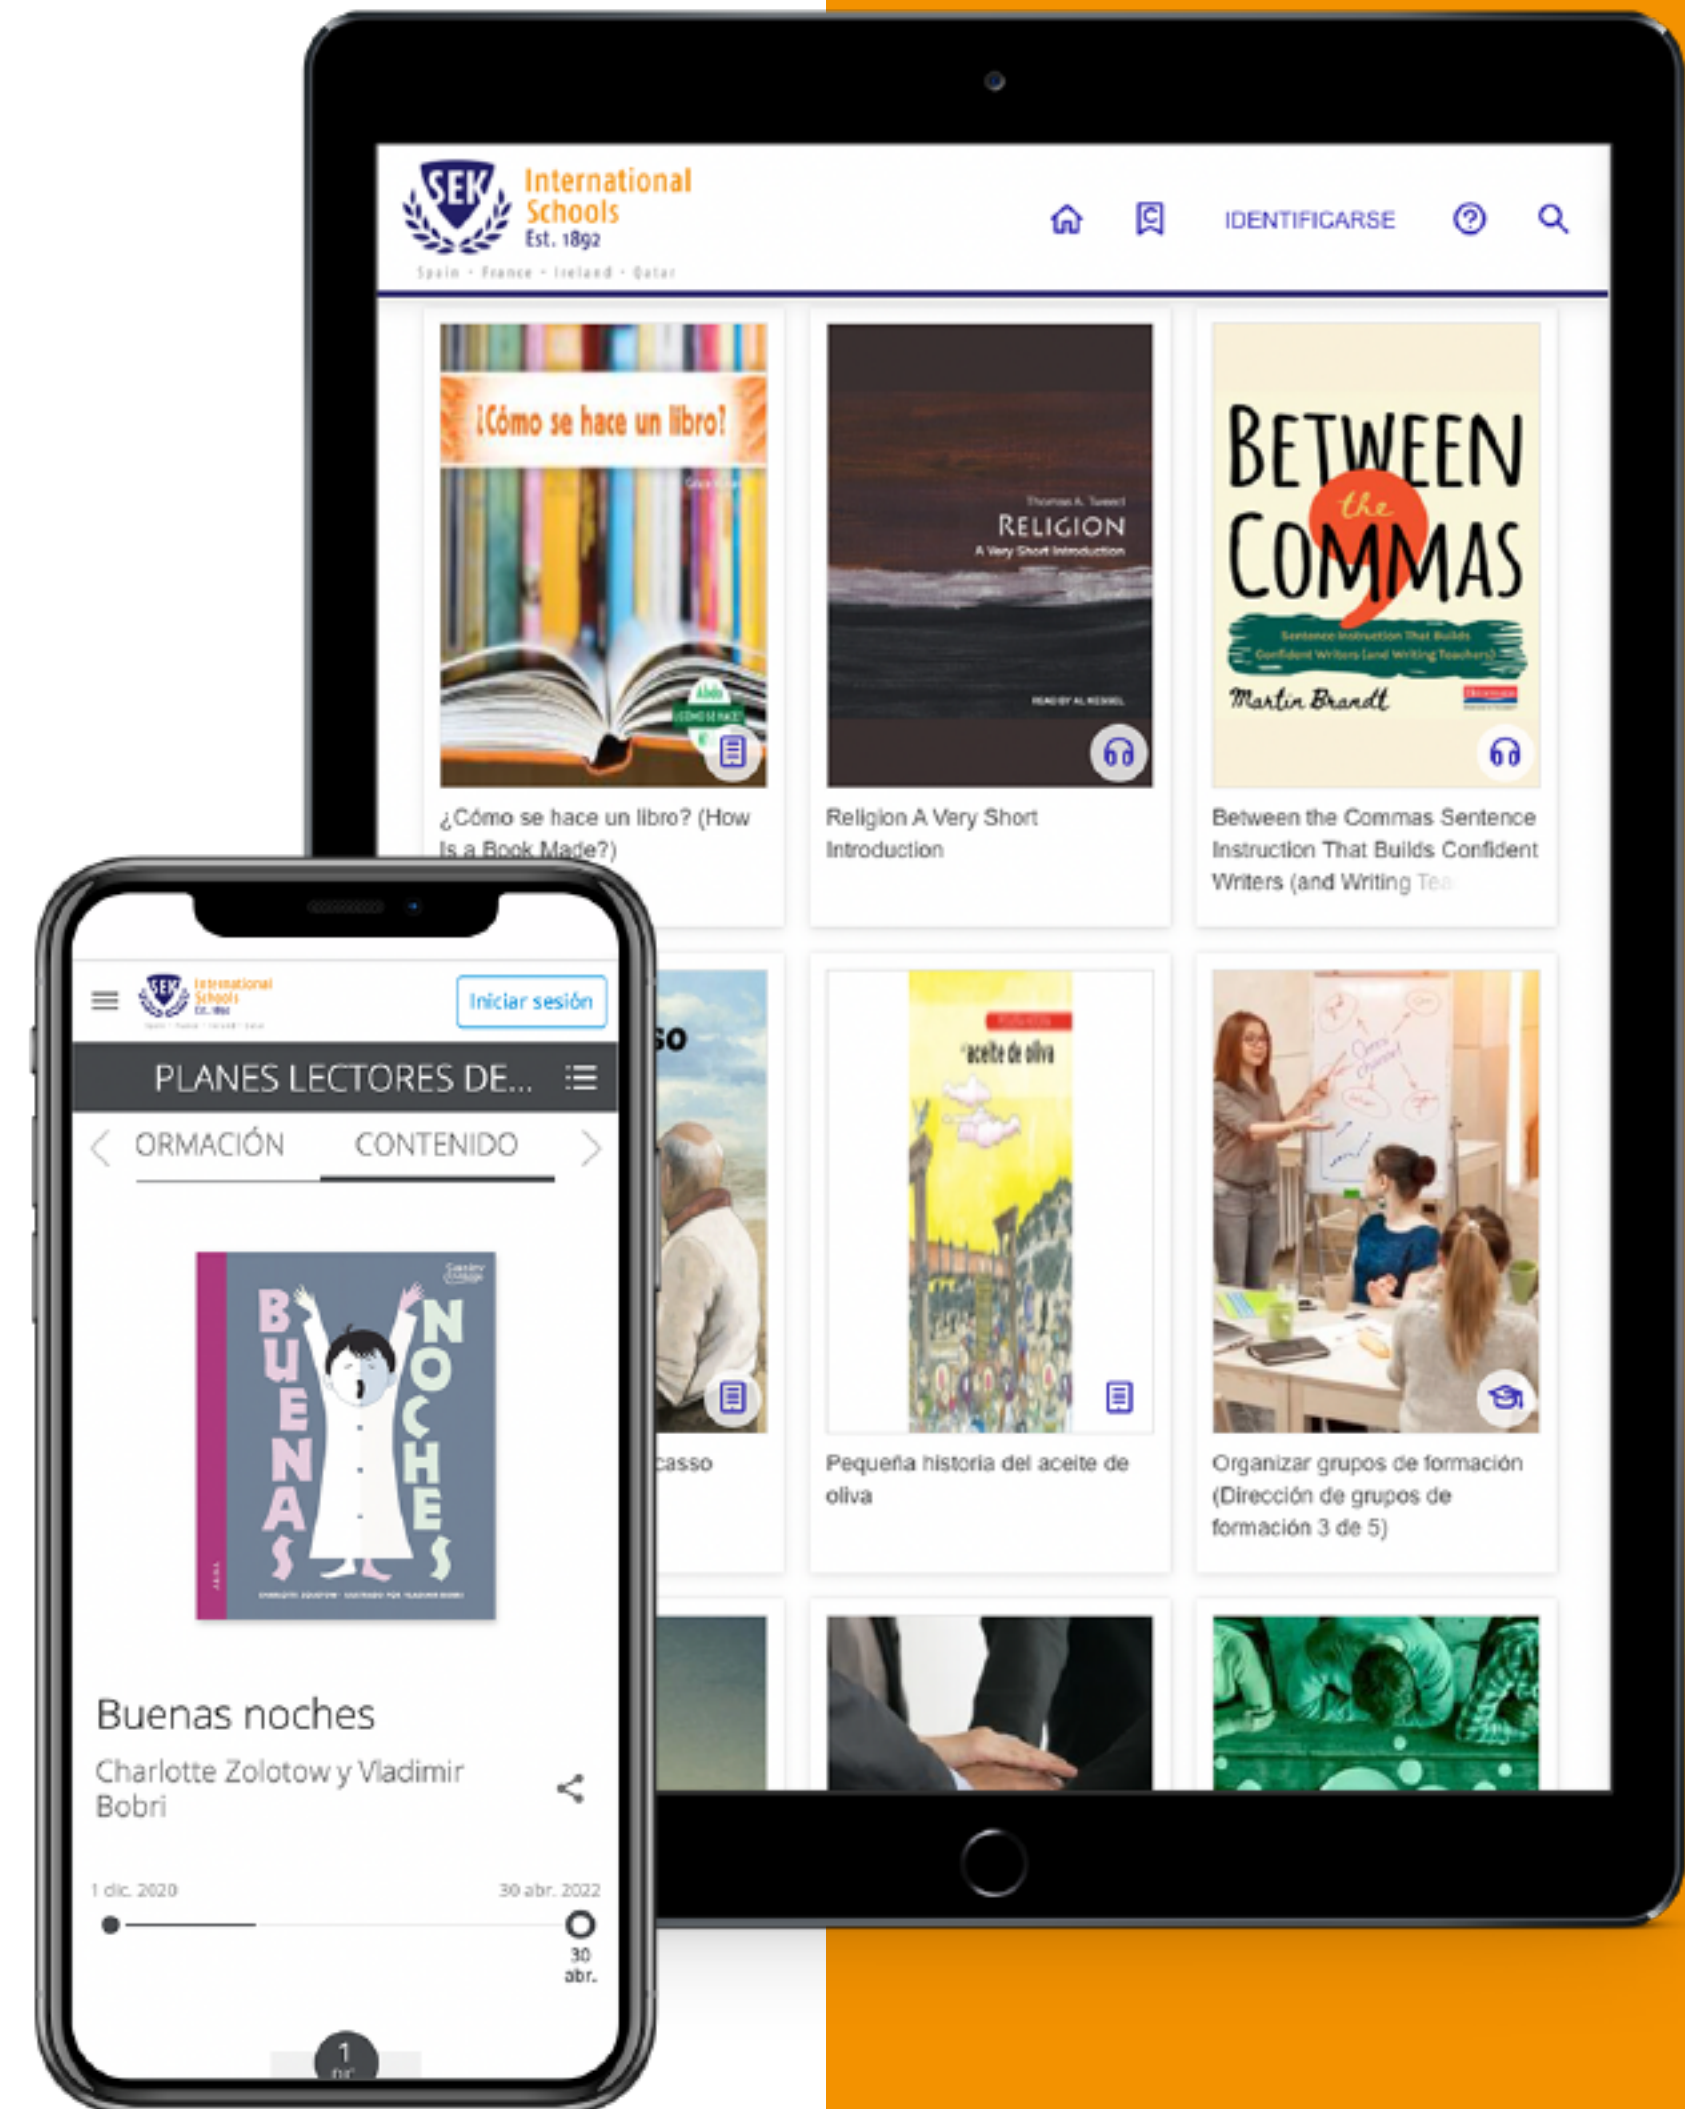

Innovation is an **essential part of this process**, as it responds to the demands of society and the most advanced cutting edge of education.

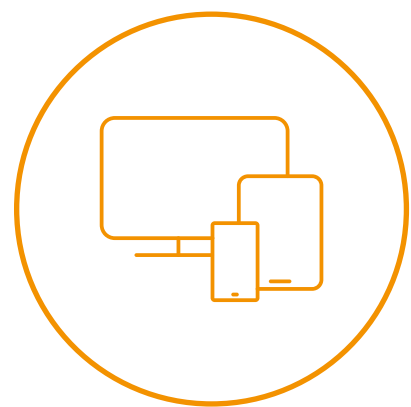

UNITING THE ACADEMIC COMMUNITY THROUGH AN UNLIMITED LEARNING ECOSYSTEM

Today's academic challenges include integrating family participation with teacher work and student efforts.

With characteristic innovative spirit, in order to face these challenges **SEK International Schools has created its own Unlimited Learning Ecosystem** with help from ODILO; a meeting place for the 5,500 students of its 9 schools in Madrid, Barcelona, Almeria, Pontevedra, Dublin, France, and Qatar which engages all relevant parties in the development of today's students.

DISCOVER THE SEK UNLIMITED LEARNING ECOSYSTEM

Quantity and quality of educational content, curated, multiformat, and multilingual.

Artificial intelligence, which offers a personalized learning experience.

Resources which make teachers' jobs easier: multimedia format for language learning, support for different subjects, BI, etc.

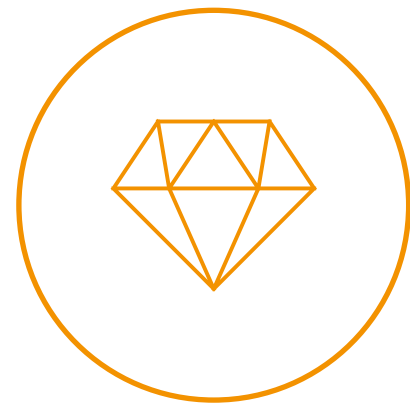

Solutions compatible with Felipe Segovia's methodology and support for any other methodology required.

Equality of opportunities to access quality academic content.

Content for the development of key skills and abilities: communication, critical thinking, problem solving.

Easy access to and integration with mySEK so students can access via their Office 365 account.

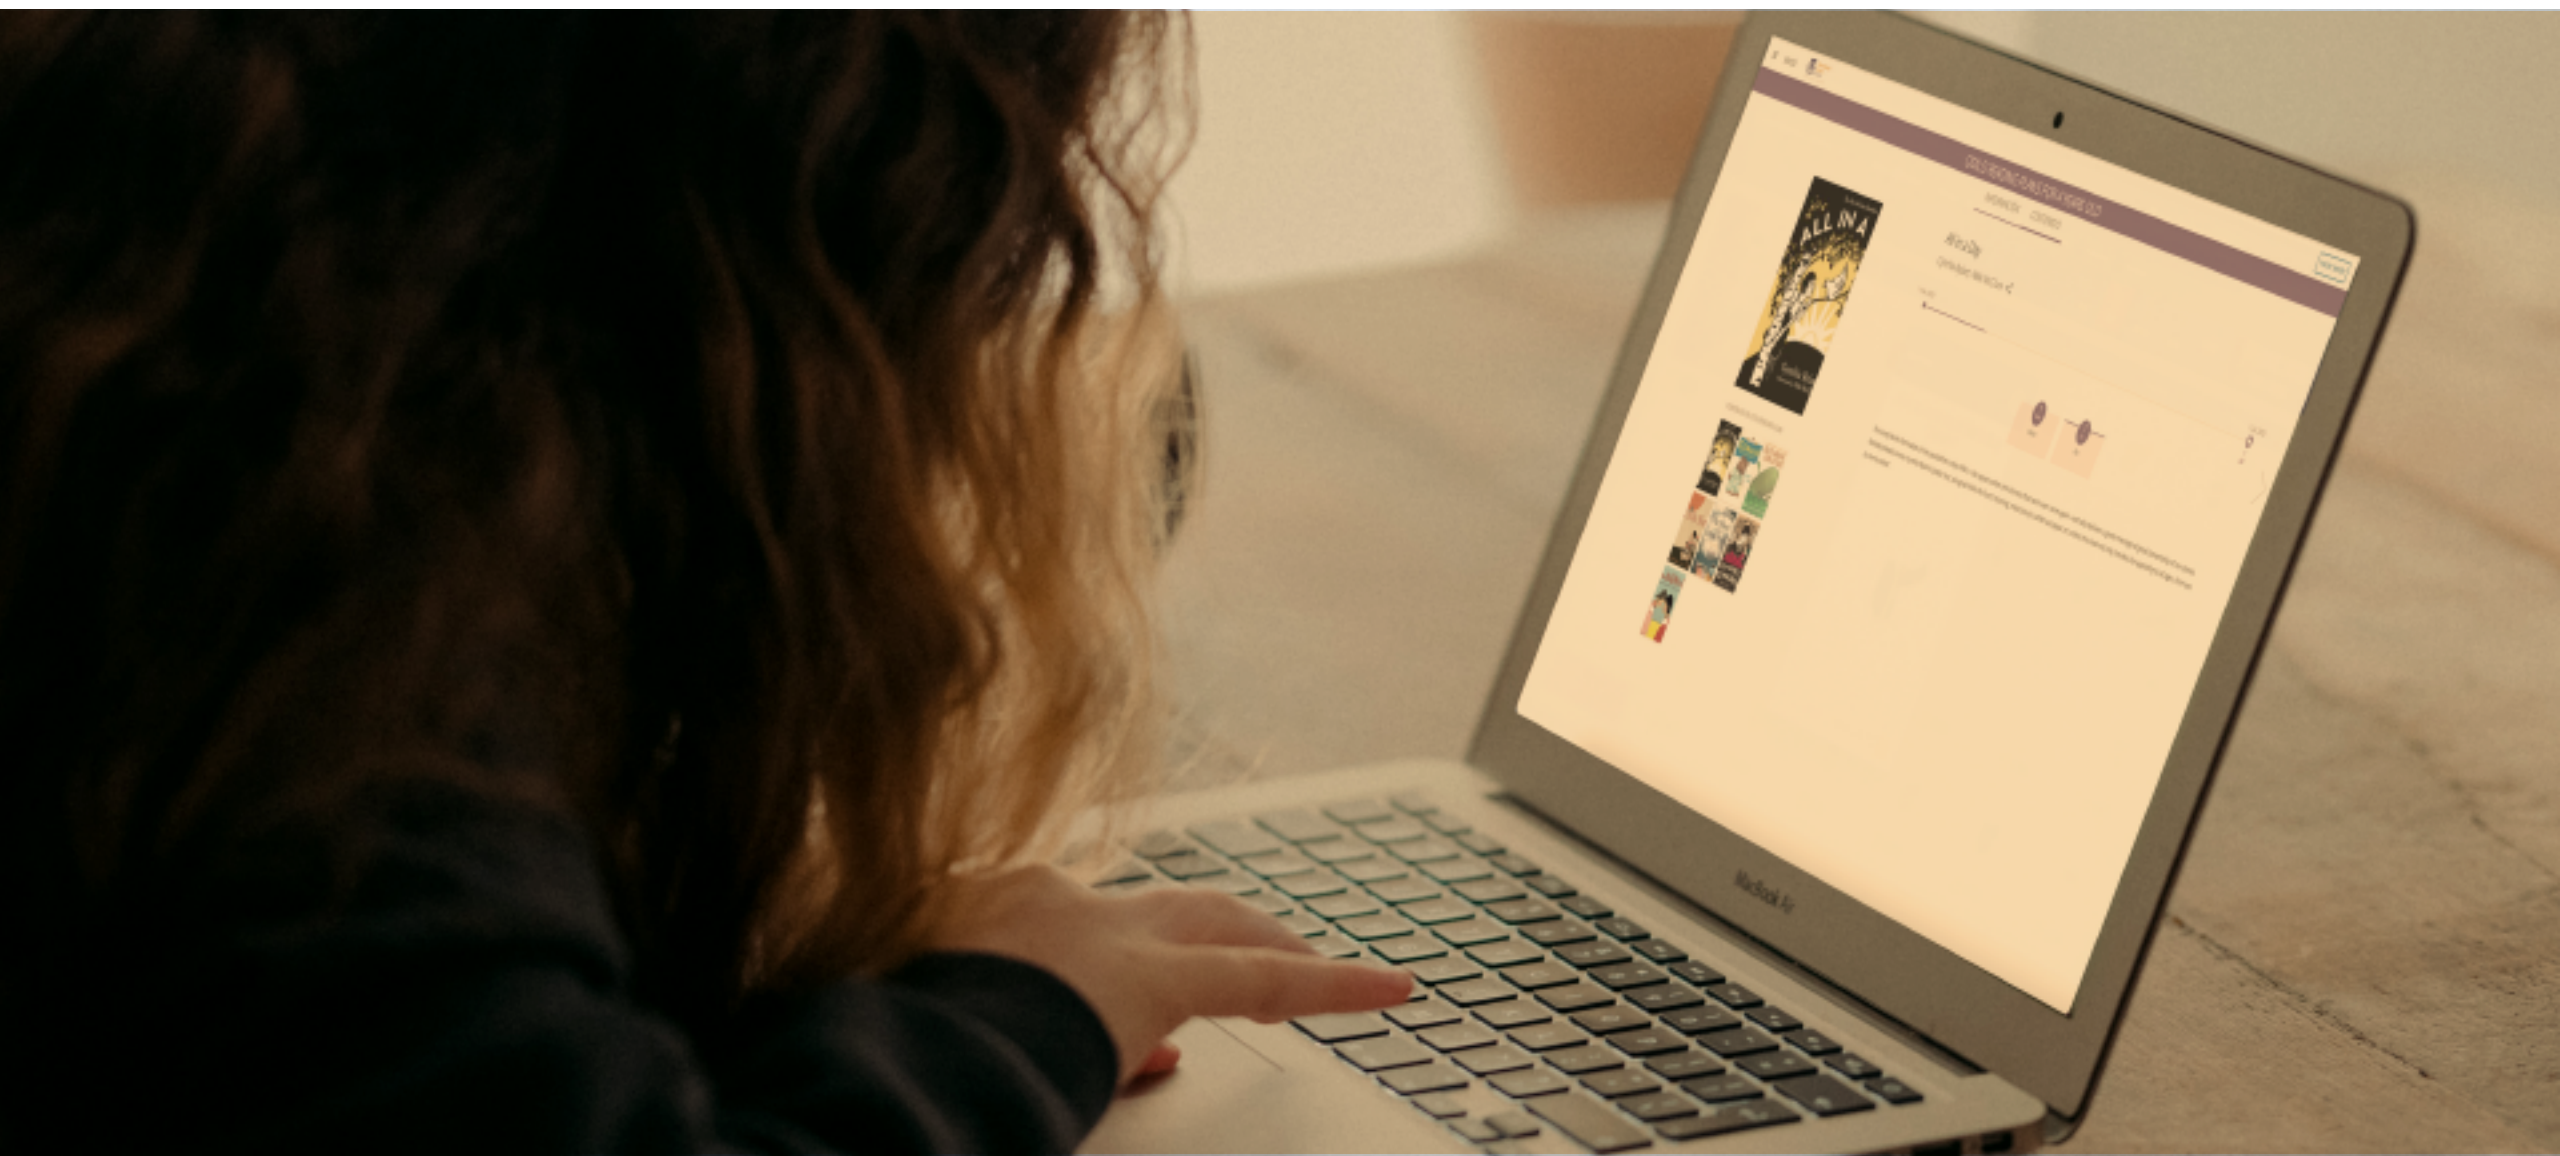

AN ECOSYSTEM TO EVERYONE'S BENEFIT

5.500+

Students benefitting from autonomous learning outside of a school setting and developing reading and learning habits on their favorite devices.

700+

Teachers trained in using the platform to facilitate their work, adapting to technology and getting to know their students even better.

MULTILINGUAL UNLIMITED LEARNING

Over **1000 titles** consumed by SEK are in English

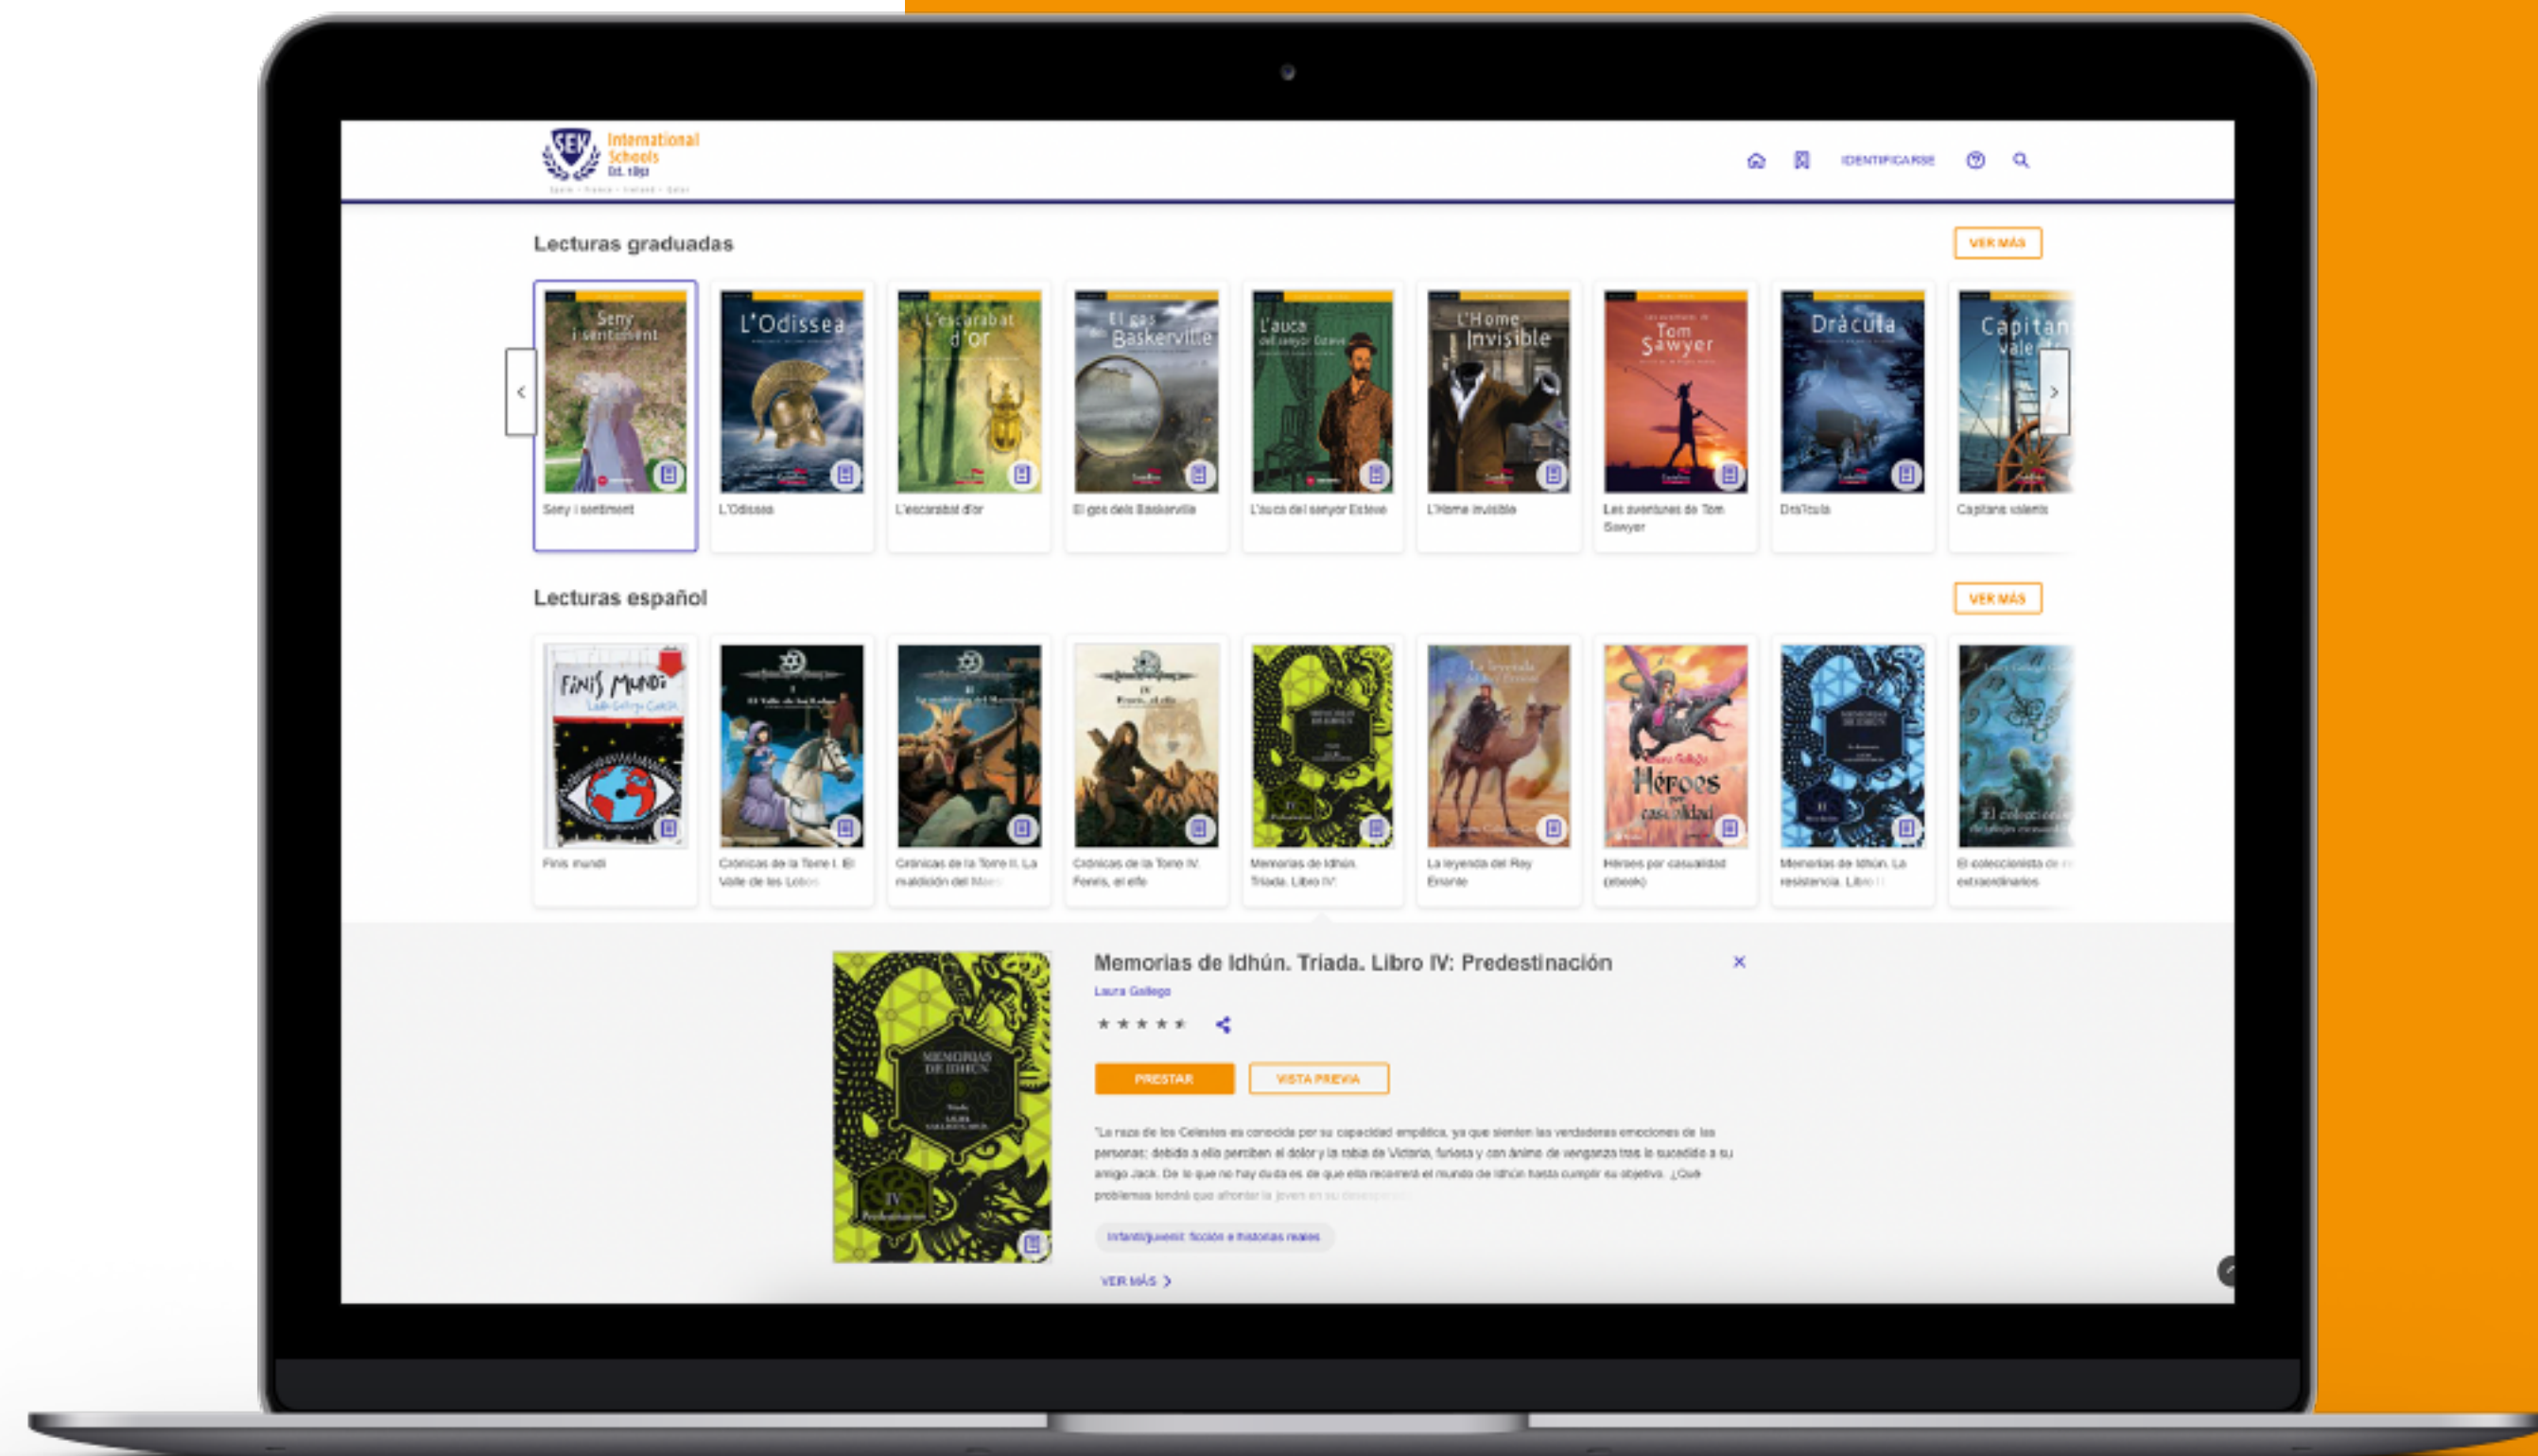

54% of content is consumed in languages other than Spanish

SEK students dedicate around **450 monthly hours** to reading and consuming educational content in languages besides their native tongue

INDIVIDUAL FREEDOM AND UNLIMITED LEARNING

SEK International Schools **sets individual freedom above all other values**; for that reason it is founded on standards like free education, respect for diverse values, conscious solidarity and openness to educational innovation, ethics, and intellectual hard work and integrity.

Providing students, teachers, and families with unlimited learning is a way for SEK to unite its academic community, and to educate its students with freedom and equality of opportunity, as well as taking advantage of advances in the #EdTech industry to align its activities with its values.

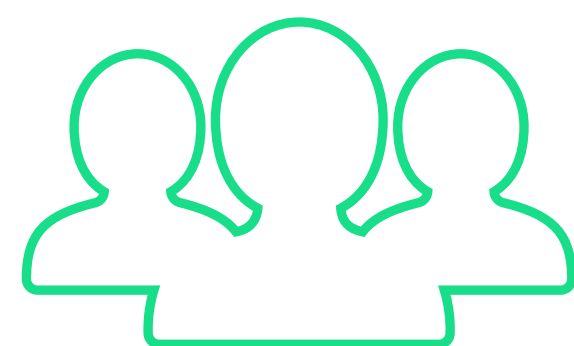

About Odilo

ODILO is the leading SaaS EdTech company in the creation of Unlimited Learning Ecosystems. ODILO integrates the newest technology (Artificial Intelligence, Machine Learning...) with multiformat content from the best providers in the world and intelligent learning services to help every organization deepen and promote a personalized, unlimited learning culture.

With ODILO, schools, governments, organizations, companies, and many others can create their own Unlimited Learning Ecosystems and enjoy learning experiences, education, and reading to prepare students for the future.
